

## Take your chance and meet SMC in a case study workshop

### CSSA Munich meets Siemens Management Consulting 把握机会 – 与西门子管理咨询面对面

**Siemens Management Consulting** is the strategic in-house consulting firm of Siemens. Because of the varied requirements of our client, we work in all fields of consulting, e.g. strategy, M&A, benchmarking, restructuring, innovation. Part of our mission alongside high-level consulting projects is the development of top-management talent. While working on global strategy projects, you will be building a successful foundation for your career in one of the world's largest high-tech corporations.

### Siemens Windpower Case Study and informal dinner:

You are a Chinese Student / Young professional in Germany? You are interested in getting to know the internal top-management consultancy of Siemens?

Lets get in touch!

Participate in our case study and face the challenges of the wind power business.

What would you recommend to the management? Now it is your and your team's turn to find out the best solution.

After having seen the theory you will have the chance during an informal dinner to get insights in the daily business of our Consultants.

#### You are interested?

If you would like to participate in this workshop and possibly also have basic conversational German skills, please send your resume (including university grades) to: [chinese.muenchen@gmail.com](mailto:chinese.muenchen@gmail.com)

**Application deadline: February 17, 2008** / limited number of participants
